“Just wanted to say a few words about your training class - Great Job! On line training can be a mixed bag - you handled it very well. It was great that all were muted, but we could text in questions, or ask them live at break time. This kept the class moving, and we did not get side tracked. All questions were answered for everyone at the end of every hour. It was great that all material was available for down load at sign up - I could then take notes as needed after I printed them. Thank you for putting on a great class. PS - I hope the board continues on line classes in the future.” – David Gordon, Gordon Controls, Inc
